INTRODUCTION

Bokaro Steel City is an Industrial city situated in the state of Jharkhand, in India. It is the home of one of the largest steel plant in India Bokaro Steel Plant, SAIL; The township has a modern 910 bedded Bokaro General Hospital(BGH) providing health care to the huge numbers of steel plant employees and their dependents and also to its surrounding populations including the State of West Bengal and Bihar with specialized units like Critical Care Unit(CCU), Intensive Coronary Care Unit (ICCU), Intensive Burn Unit (IBU), Haemodialysis Unit (AKU), Jawaharlal Nehru Radiotherapy Unit, Gastroenterology Unit, Endocrinology Unit etc. Bokaro General Hospital also has latest Investigative facilities like Digital X-ray machine and CR system, CT scan, MRI, 3D Doppler ultrasonography, ECHO, Holter, TMT, Pacemaker programming, Nuclear Medicine and updated Microbiology, Pathological and Biochemistry facilities with Autoanalysers. The hospital has been recognized by the Government of India for imparting training to various medical and paramedical staff in the departments of Blood Bank, Anesthesia, Obstetrics & Gynaecology & Family Planning (Male & Female). Besides rendering medical service to the employees and dependents of Bokaro Steel Plant, Bokaro General Hospital renders services to the community which includes services to the employees and dependents of other corporate groups in and around Bokaro.

To take care of the employees working in the plant, an Occupational Health Services (OHS) Centre with modern facilities has been provided within the plant premises. Bokaro General Hospital is also recognized by the National Board of Examinations, New Delhi as a centre for imparting post-graduate training to candidates appearing for the Diplome of National Board examinations in various specialties and also by the Indian Nursing Council for training of Student Nurses

The Nursing School of Bokaro General Hospital had its inception in the year 1977. The School has got its affiliation both from the Jharkhand Nurses Registration Council, Ranchi and the Indian Nursing Council, New Delhi. The main objectives of this school are to impart Diploma in General Nursing & Midwifery and thereby to create awareness and skill in the nursing process in the provisions of health care and nursing of patients. The Nurses Training Institution is located in the heart of the Industrial town, well connected by road and rail.

I. AIM OF GNM COURSE:

The aim of this course is to prepare the students to function as responsible health team members with having adequate competencies for first level position in the hospital and in the community.

II. OBJECTIVES OF THE COURSE:

The Nurses completing this course are expected to demonstrate awareness of health care and skills required in the nursing process in the provision of health care and nursing of the patients.

The School of Nursing endeavors to train and develop a nurse:

- a) Professionally competent to meet the health needs of the individual and community.
- b) Skill to provide quality nursing care based on problem solving approach.
- c) Is able to demonstrate competency in providing comprehensive nursing care based on concepts and principles from behavioral, biological, physical and medical sciences.
- d) Is capable of practicing and guiding others to render a high standard of nursing care.
- e) Is competent to function as an effective health team member.
- f) Is able to assume greater responsibilities and leadership in various health care settings.
- g) Is seeking opportunities for continual growth and self evaluation as a person, citizen and a professional.
